SUMMARY

"Recent Computer Science graduate with a strong foundation in software development, data structures, and algorithms. Completed 3 internships where I contributed to mobile app development and gained hands-on experience with Java, Python, and Git. Built a personal project that received 500+ GitHub stars. Eager to start my professional career and apply my technical skills to solve real-world problems in a collaborative environment."

EDUCATION

NITK

Graduate

B.Tech | Years not specified

EXPERIENCE

Hirelyft | Software Engineer

Worked on various projects and responsibilities.

SKILLS / COURSEWORKS

- **Programming Languages:** JavaScript
